## Summary

---

Highly skilled **Frontend Developer** with over 2 years of hands-on experience in building responsive, dynamic web applications using modern technologies like **React.js**, **Next.js**, **TypeScript**, and **Redux**. Proven expertise in architecting full-stack solutions, integrating **RESTful APIs**, and managing complex state in client-side applications. Proficient in implementing **authentication** and **authorization** mechanisms using **refresh and access tokens**, with a strong focus on security. Adept at developing eCommerce platforms, including core features like **product management**, **cart functionality**, and seamless **checkout processes**. Experienced in collaborating with cross-functional teams, optimizing website performance, and maintaining high code quality through testing and code reviews. Strong leadership experience as a **Tech Lead**, guiding teams in delivering scalable solutions while ensuring project success. Committed to staying updated with the latest industry trends and continuously improving both technical skills and user experiences.

## Experience

---

### Bapa sita innovation and technologies | Gujarat, Vadodara

#### Front End Developer | 06/2024 - Present

Led the design and development of the complete architecture for **rgav.in**, a fully functional **eCommerce** website specializing in Ayurvedic products. Oversaw both frontend and backend development, implementing key functionalities such as **product display**, **add-to-cart**, **secure checkout**, **order tracking**, and **inventory management**. Integrated **authentication and authorization** using **refresh and access tokens** for secure user sessions. Managed all eCommerce aspects, including **payment gateway integration**, **user account management**, and **order history tracking**. Deployed and hosted the frontend with domain assignment, ensuring seamless user experience. Currently managing a cross-functional team as a **Tech Lead**, driving innovation and maintaining high-quality standards across all projects. Successfully scaled the platform, optimizing performance and ensuring the implementation of best practices for security and functionality.

### Eshkon | Gujarat, Ahmedabad

#### React.js Developer | 07/2023 - 06/2024

Spearheaded the development and maintenance of over 20 custom, reusable UI components using **Next.js**, **TypeScript**, and **Redux**, improving user interface consistency and overall performance. Played a key role in integrating **Contentful** headless CMS, allowing non-technical teams to manage and deliver content effortlessly. Employed **SASS** for scalable, maintainable CSS, ensuring a visually appealing user experience across all projects. Optimized build processes with **npm**, significantly reducing development time and enhancing efficiency. Collaborated with cross-functional teams, contributing to a seamless workflow across design, development, and testing, while ensuring timely project delivery. Leveraged **SEO schema markup**, improving search rankings and driving a measurable increase in organic traffic. Developed cutting-edge features such as dynamic page generation and real-time data updates to elevate the product's responsiveness and user satisfaction.

### Echnotech pvt ltd | Karnataka, Bangalore

#### Front End Developer | 01/2023 - 06/2023

Led the development of highly responsive and user-centric web applications using **React**, **Redux**, **JavaScript**, **HTML5**, and **Material-UI**. Collaborated closely with UI/UX designers and backend teams to deliver seamless integrations and optimal user experiences. Created advanced, feature-rich table components with functionalities such as **filtration**, **search**, **pagination**, and **data export to Excel**, significantly improving data management for users. Integrated **RESTful APIs** for dynamic data interaction, ensuring smooth communication between frontend and backend systems. Implemented unit testing using **Jest** and **Enzyme** to guarantee code quality, reliability, and performance. Actively engaged in **code reviews** and debugging sessions, ensuring timely resolution of issues and high code standards. Optimized page load times and overall site performance, improving user satisfaction and retention. Maintained a proactive approach to learning industry trends, continuously enhancing development skills and delivering modern web solutions.

## Skills

---

HTML 5, CSS3, JavaScript, React.js, Next.js, Typescript, Redux, Sass, Mui, Antd, Tailwind Css, GitHub

## Education

---

Patliputra university | Patna, Bihar  
Bachelor of arts In political science | 04/2023

## Languages

---

Hindi, English
